

Download Chapter 20 Protists Test B

Q:1: In the two kingdom systems which of these would characterize an animal (A) Photosynthesis (B) Ingestion of food (C) Cellulose cell wall (D) Inability to move

A protist (/ ? p r o ? t ? s t /) is any eukaryotic organism (one with cells containing a nucleus) that is not an animal, plant or fungus. The protists do not form ...1) The centromere is a region in which A) chromatids remain attached to one another until anaphase. B) metaphase chromosomes become aligned at the metaphase plate. Protists are an extremely diverse group of eukaryotic organisms. This lesson will provide an overview of various protist cells, including their...
